Attached is a copy of the report that I believe is identical to the one requested by the DCI on 28 March. It is a report on activities of the OSS prepared by the Military Aide to the President, Col. Richard Park, Jr., on 12 March 1945. Originally TOP SECRET, the report was downgraded to CONFIDENTIAL on 3 May 1972 and a sanitized copy was released on 28 May 1985 on referral from the Truman Presidential Library. The requester was Anthony Cave Brown (E81 0067). The report contains only 58 pages, the single discrepancy from the DCI's request. The attached copy is in the original form classified CONFIDENTIAL.

Can you have somebody dig up for me a 175 page paper which is said to have been ordered by President Roosevelt at almost the end of his life. It was supposed to be the report from the investigation into the OSS which was completed and handed to President Truman a few months after his succession in office. It is said to have been sanitized with a copy finding its way to the Truman Library.

Dear Bill:

Thank you very much for your letter of February 5 with respect to Ernest Brooks. Knowing how your time is completely absorbed with official activities, I greatly appreciate your sparing part of it to assist in this matter.

I will communicate with Mr. Taylor and hope that we may be able to uncover information for his family, including his four children.

With warmest regards,

Sincerely,
